SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to institute a rescission proceeding and to grant a petition to rescind a limited exclusion order (“LEO”) and cease and desist order (“CDO”) issued in the underlying investigation. The rescission proceeding is terminated.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on September 8, 2020, based on a complaint filed on behalf of General Electric Company of Boston, Massachusetts (“GE”). 85 FR 55492-93 (Sept. 8, 2020). The complaint alleged violations of section 337 of the Tariff Act of 1930, as supplemented and amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain variable speed wind turbine generators and components thereof by reason of infringement of one or more of claims 1, 3, 6, 7, 12, 15-16, 21-24, 29, 30,

and 33-38 of U.S. Patent No. 6,921,985 (“the ’985 patent”) and claims 1 and 2 of the U.S. Patent No. 7,629,705 (“the ’705 patent”). *Id.* at 55493; Order No. 10 (Dec. 2, 2020), *unreviewed by* Comm’n Notice (Dec. 22, 2020). The Commission’s notice of investigation named as respondents Siemens Gamesa Renewable Energy Inc. of Orlando, Florida (“SGRE Inc.”); Siemens Gamesa Renewable Energy A/S of Brande, Denmark (“SGRE A/S”); and Gamesa Electric, S.A.U. of Zamudio, Spain (“Gamesa”) (collectively, “SGRE”). 85 FR 55493. The Office of Unfair Import Investigations is not a party to the investigation. *Id.*

On January 18, 2022, the Commission determined that GE showed a violation of section 337 by SGRE with respect to claims 29, 30, 33-35, and 37 of the ’985 patent, but did not show a violation with respect to claims 1, 6, and 12 of the ’985 patent or any claim of the ’705 patent. 87 FR 3586-87 (Jan. 24, 2022). The Commission further found that GE showed that SGRE’s full-converter wind turbine products with early versions of software infringe claims 29, 30, 33-35, and 37 of the ’985 patent, but did not show that SGRE’s full-converter wind turbine products with later versions of software or SGRE’s doubly-fed induction generator wind turbine products infringe those claims. The Commission issued an LEO and three CDOs (the “SGRE Inc. CDO,” the “SGRE A/S CDO,” and “Gamesa CDO”) against the three SGRE entities.

On June 24, 2022, GE filed a petition to rescind the SGRE A/S CDO and the Gamesa CDO. On July 6, 2022, SGRE filed a response indicating that it did not oppose the rescission of the CDOs. On July 26, 2022, the Commission instituted a rescission proceeding, rescinded the SGRE A/S CDO and the Gamesa CDO, and terminated the rescission proceeding. The LEO and SGRE Inc. CDO remained in effect.

On March 30, 2023, GE filed an unopposed petition to rescind the LEO and the SGRE Inc. CDO. SGRE did not respond to the petition.

Having reviewed GE’s unopposed petition seeking to rescind the LEO and SGRE Inc. CDO, and SGRE’s lack of a response to the petition, the Commission finds that the conditions which led to the issuance of the LEO and the SGRE Inc. CDO no longer exist, and therefore,

granting the petition to rescind is warranted under section 337(k) (19 U.S.C. 1337(k)). The Commission also finds that the requirements of Commission Rule 210.76(a) (19 CFR 210.76(a)) are satisfied.

Accordingly, the Commission has determined to institute a rescission proceeding and to grant the petition to rescind the LEO and the SGRE Inc. CDO. The Commission Order issued concurrently herewith rescinds the LEO and the SGRE Inc. CDO. The rescission proceeding is terminated.

The Commission vote for this determination took place on May 1, 2023.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: May 1, 2023.

Lisa Barton,

Secretary to the Commission.
